
Pet Fostering Agreement

Thank you for your interest in fostering an animal for our organization. By agreeing to take in a homeless dog, cat, or other animal, you are giving the most vulnerable pets a safe space to stay until they find their forever home. Please read, complete, and sign the following agreement.

This agreement is made this _____ day of _____, 20__ by and between _____ (hereinafter called "the Rescue"), and _____ (hereinafter called "the Caregiver").

The Rescue is the owner of the animal described below (hereinafter called "the Foster"):

Animal Name: _____

Species: _____ Breed: _____ Sex: _____

Neutered/Spayed? ____ Yes ____ No Description (color, markings, etc.): _____

By consenting to foster and signing this agreement, the Caregiver agrees to:

- Be available to provide love, care, and attention to the Foster.
- Provide adequate food, water, shelter, and humane treatment for the Foster animal at all times.
- Treat the Foster as a member of the family.
- Socialize the animal. Many of these dogs and cats are scared after all they've been through. Socializing them helps make them more adoptable.
- Not alter the appearance of the Foster without permission of the Rescue. For example: declawing and cropping of ears or tails.

- Follow all oral and/or written instructions from the Rescue, including special medical instructions.
- Contact the Rescue before seeking any veterinary care.
- Learn about the Foster animal (their preferences, dislikes, etc.) to provide the Rescue with details they might not otherwise know. This will aid the Rescue in finding the best possible fit for their new home.
- Take photos and videos of the Foster so the Rescue can share those with potential adopters and post on their social media.
- Return the Foster to the Rescue as requested for medical care, vaccines, tests, and any visits with potential adopters.
